

'Equipping Students to glorify God'

We are excited about the building of a 12,000 sq. ft. physical education facility that will be completed in the fall of 2017.

Between the seed money from the \$1,000,000 gift plus additional pledges/gifts received, we have enough funds to construct the building (approximately \$700,000), but not enough to add interior amenities.

The following is a prioritized list of items we would like to include in the space.

Please help spread the word to friends and family, and if you or someone you know would like to provide a gift to the project, please contact me – all gifts are tax deductible.

PE Facility Wish List

The purpose of this brochure is to help you learn more about our new physical education facility and how you can help – a gratitude wall will be created to honor those who have supported the project.
