

## ASVAB TESTING INFORMATION

The Armed Services Vocational Aptitude Battery (ASVAB) is a multiple choice test that covers eight areas including science, word knowledge, mathematics, and mechanical comprehension. It assesses a student's ability to learn new skills and is a predictor of success in training and education programs. The ASVAB is administered by the United States Military Entrance Processing Command, and utilized to determine qualification for enlistment in the United States Armed Forces. The ASVAB is typically administered to high school students in the 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> grades. Any individual interested in enlisting in the Armed Forces may take the ASVAB.

AFQT required minimum scores for people with a high school diploma are as follows:

	<b>Minimum AFQT</b>	
<b><u>Branch</u></b>	<b><u>HS Diploma</u></b>	<b><u>GED</u></b>
Army	31	50
Navy	35	50
Air Force	40	65
Marines	32	50
Coast Guard	45	50 with 15 college credits
Army National Guard	31	50
Air National Guard	35	50

GED holders who earn 15 college credits 100 level or greater are considered equivalent with those holding high school diplomas. This would result in only needing the minimum score to enlist.

Certain recruiting goal practices may require an applicant to achieve a higher score than the required minimum AFQT score in order to be considered for enlistment. Call your local recruiter for up to date qualification information.

**2016-2017 ASVAB Testing Date for Aberdeen Christian School: November 15, 2016**
