

PSAT/NMSQT

The PSAT/NMSQT is the route of entry to the National Merit Scholarship Program, an academic competition conducted by National Merit Scholarship Corporation. The test is primarily for juniors, although sophomores can take the test but their scores will not count in the competition.

The PSAT covers three areas: reading, math, and writing. The test will be given at Aberdeen Central High School at 7:30 AM in the auxiliary gym. There is an exam fee of \$15 per student. Students scoring the highest in each state will be named National Merit Semifinalists in September their senior years with an opportunity to then advance to Finalist standing and earn college scholarships.

Students must register with Miss Shannon and pay the exam fee by October 1st
